English Grammar - Relative Clauses (Intermediate level)

This course will first introduce you to relative clauses and how they are used to better define the noun that precedes them. You will learn that they start with relative pronouns such as 'who', 'whose', 'that', 'which', 'where', and 'when'. You will also learn that personal pronouns such as 'I', 'he', 'she', and 'it' are not used in relative clauses. The course will also teach you that prepositions in sentences and in relative clauses are attached to the verbs.
